

PRINCE2 programme management Managing Successful Programmes (MSP® 5th edition certification)

What is MSP?

Programme management can be described as a structured approach for delivering a collection of projects and transformational activities designed to achieve outcomes and realize benefits of strategic importance. Programme management ensures alignment with corporate strategy and that project outputs are embedded in the business-as-usual environment.

Managing Successful Programmes (MSP) is an internationally recognized framework that represents proven practices in delivering transformational change. This adaptable framework integrates key management principles, governance themes, and processes to achieve measurable benefits from transformational business change.

Programme Management Training

HiLogic is an accredited MSP training organization delivering public and corporate in-house MSP courses. During our MSP courses participants will explore the principles, governance themes, and lifecycle processes that make up the MSP framework.

3 day MSP Foundation course

1 day MSP Practitioner course

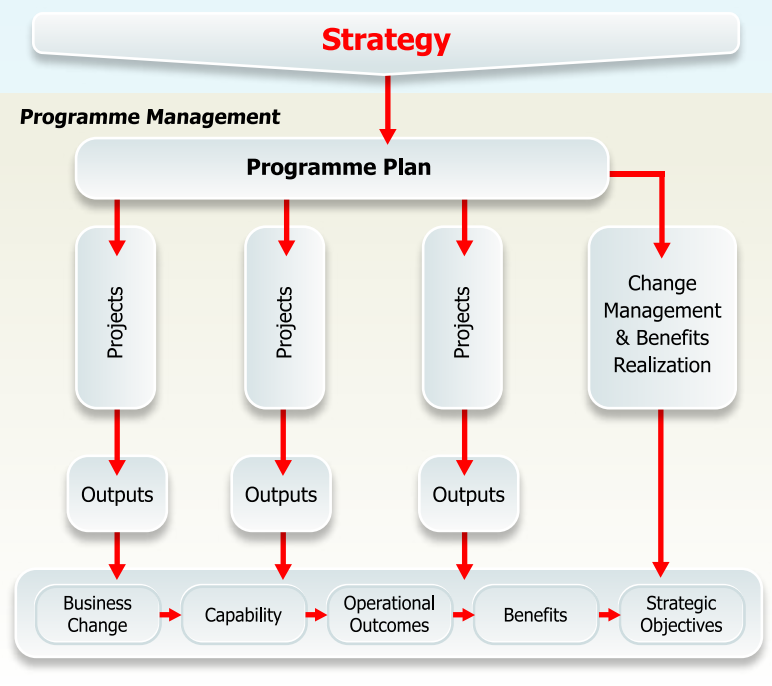

The value of MSP

- ➔ Ensures programme objectives and scope remains aligned with business objectives
- ➔ Protects and assures viability of investments
- ➔ Aligns stakeholder communications and engagement activities with the programme's vision
- ➔ Provides a governance framework for delivery of broad scale change
- ➔ Clearer roles and responsibilities
- ➔ Controls and optimizes resources
- ➔ Sets out a path for outcome and benefits achievement

Programme management services

HiLogic can assist your organization in adopting programme management as a model to support the successful delivery of strategic change. Our programme management support services include:

- ➔ Facilitated workshops to define, design and establish the programme
- ➔ Support in the development of programme plans and governance documents
- ➔ Provide programme management coaching and assurance services
- ➔ Conduct programme reviews and health checks
- ➔ Advise on programme management team and programme office design

Managing Successful Programmes (MSP® 5th edition)

MSP Course Information and Certification

MSP Foundation
